## The Economy in 2009

- AUMA is prepared to strongly support the Government of Alberta as it responds to an economic downturn.
- We believe that both orders of government can partner in the good times , as well as the bad times, through a new, more mature relationship.

## The Throne Speech

- Municipalities appreciate the focus on future to maintain confidence in Alberta
- We are ready with programs to leverage public infrastructure investments
- It is imperative that the integration of ambulance and emergency medical services be an immediate priority

## 2009 Provincial Budget Submission

- AUMA's Core Recommendation:  
using the *Framework for a Provincial-Municipal Sustainability Partnership Agreement*, discuss with Alberta municipalities a new permanent relationship with objective-based, annual transfers.

**AHEAD. TOGETHER.**  
municipal sustainability in action

## How will this help going forward?

- Allows for better planning, permanence and predictability for both orders of government
- Streamlines and simplifies complex government programs and processes
- Builds-in accountability measures to ensure key objectives are being met

**AHEAD. TOGETHER.**  
municipal sustainability in action

## How would this help right now?

- In an environment of economic instability:
  - *Increases accountability*
  - *Improves reporting of results for dollars invested in municipalities*

**AHEAD. TOGETHER.**  
municipal sustainability in action

## Future of Local Governance

In 2009, AUMA will:

- Review the current state of local governance;
- Develop clear options for more effective local governance;
- Consider the risks, benefits and incentives required for change; and
- Review examples of local government restructuring outside of Alberta.

## Welcoming and Inclusive Communities

- Supported by Alberta Culture and Community Spirit
- Building a positive community reputation
- Preventing violence and conflict
- Creating a vibrant and diverse community

▪ AUMA thanks the Ministry of Employment and Immigration for its growing engagement in this initiative.

## Upcoming AUMA Meetings and Events
