Market access

AUMA's Municipal Energy Policies

- Take action to increase market access to energy for Alberta's energy products.

Value added energy strategies

AUMA's submission to the royalty review

- Optimize value-added opportunities so that jobs are not sent downstream out of the province.

Energy development in urban areas

2014 Resolution

- Develop energy responsibly with consideration given to public health and safety, property values, environmental stewardship and land use planning.

Energy transition

2013 Resolution

- Move away from coal power by investing in renewable energy and natural gas fired electricity generation.
- A phased in approach is required given the economic impacts for workers and surrounding communities

Webinar: the future of coal

- Friday, March 11 from 11am to noon
- To register:
