Anne County, the Summer Village of Silver Sands, and the Summer Village of South View.</p> <p><a href="#">Click here</a> to see the Darwell Lagoon Commission Regulation Document.</p>
Elk Point/St. Paul Regional Water Commission	<p><b>Water Services</b> The Elk Point/St. Paul Regional Water Commission provides water services for the Town of Elk Point and the County of St. Paul.</p> <p><a href="#">Click here</a> to see the Elk Point/St. Paul Regional Water Commission Regulation Document.</p>
Foothills Regional Services Commission	<p><b>Wastewater and Solid Waste</b> The Foothills Regional Services Commission provides wastewater and solid waste services for the Municipal District of Foothills No. 31, Town of Black Diamond, Town of High River, Town of Nanton, Town of Okotoks, and Town of Turner Valley.</p> <p><a href="#">Click here</a> to see the Foothills Regional Services Commission Regulation Document.</p>
Henry Kroeger Regional Water Services Commission	<p><b>Water Services</b> The Henry Kroeger Regional Water Services Commission provides water services to Starland County, the Town of Hanna, Town of Oyen, Village of Cereal, village of Delia, Village of Youngstown, and the Special Areas Board.</p> <p><a href="#">Click here</a> to see the Henry Kroeger Regional Water Services Commission Regulation Document.</p>
Highway 12/21 Regional Water	<p><b>Water Services</b> The Highway 12/21 Regional Water Services Commission provides water services</p>

Services Commission	<p>to Camrose County, Lacombe County, the Town of Bashaw, Village of Alix, Village of Clive, Village of Edberg, and Village of Ferintosh.</p> <p><a href="#">Click here</a> to see the Highway 12/21 Regional Water Services Commission Regulation Document.</p>
Highway 14 Regional Water Services Commission	<p><b>Water Services</b></p> <p>The Highway 14 Regional Water Services Commission provides water services to Beaver County, the Town of Tofield, Town of Viking, Village of Holden, and Village of Rley. The Commission was obtains its water supply from EPCOR through Strathcona County, and provides meter reading and billing to almost 800 residential and business customers.</p> <p><a href="#">Click here</a> for more information about the Highway 14 Regional Water Services Commission.</p>
Highway 28/63 Regional Water Services Commission	<p><b>Water Services</b></p> <p>The Highway 28/63 Regional Water Services Commission provides water services to Smoky Lake county, Thorhild County, the Town of Smoky Lake, Village of Vilna, and Village of Waskatenau.</p> <p><a href="#">Click here</a> to see the Highway 28/63 Regional Water Services Commission Regulation Document.</p>
Highway 3 Regional Water Services Commission	<p><b>Water Services</b></p> <p>The Highway 3 Regional Water Services Commission Provides water services to the County of Forty Mile No. 8, Municipal District of Taber, and Town of Bow Island.</p> <p><a href="#">Click here</a> to see the Highway 3 Regional Water Services Commission Regulation Document.</p>
John S. Batiuk Regional Water Commission	<p><b>Water Services</b></p> <p>The John S. Batiuk Regional Water Commission provides water services to Strathcona County, Lamont County, the Town of Bruderheim, Town of Lamont, Town of Mundare, Town of Vegreville, and Village of Chipman.</p> <p><a href="#">Click here</a> to see the John S. Batiuk Regional Water Commission Regulation Document.</p>
Lethbridge Regional Water Services Commission	<p><b>Water Services</b></p> <p>The Lethbridge Regional Water Services Commission provides water services to Lethbridge County and the Town of Coaldale.</p> <p><a href="#">Click here</a> to see the Lethbridge Regional Water Services Commission Regulation Document.</p>
Magrath and District Regional Water Services Commission	<p><b>Water Services</b></p> <p>The Magrath and District Regional Water Services Commission provides water services to Cardston County and the Town of Magrath.</p> <p><a href="#">Click here</a> to see the Magrath and District Regional Water Services Commission</p>

	Regulation Document.
Mountain View Regional Water Services Commission	<p><b>Water Services</b></p> <p>The Mountain View Regional Water Services Commission provides water services to the Town of Bowden, Town of Carstairs, Town of Crossfield, Town of Didsbury, Town of Innisfail, and Town of Olds. The Commission owns and operates the Anthony Henday Water Treatment Plant, which is situated on the banks of the Red Deer River, and serves a growing population of 30,000 people.</p> <p><a href="#">Click here</a> for more information on the Mountain View Regional Water Services Commission.</p>
Newell Regional Services Corporation	<p><b>Treated Water and Sanitary Sewer Services</b></p> <p>Newell Regional Services Corporation (NRSC) is a municipal corporation that was formed between the City of Brooks, County of Newell, Town of Bassano, and Villages of Duchess, Tilley and Rosemary. The Corporation was created as a body that would coordinate and pool resources with member communities to provide safe, effective and efficient water treatment and distribution. Previously, each community owned, operated and serviced individual water treatment plants, all incurring individual maintenance costs, repair costs and ascending budgets. Under the new NRSC, one single body ensures water is safely delivered and all services meet the rigid safety, quality and reporting parameters of Federal, Provincial, Local and Water Industry Standards.</p> <p>In terms of administration, implementation involved each Council coming to agreement on the governing structure, name, participation, transfer of assets, membership on the Board of Directors and voting structure. Once these details were finalized and approved, the Board of Directors worked to draft a shareholders agreement and to obtain a Ministerial Order to form a municipal corporation. Once the agreement was approved and signed by all shareholders, other agreements also had to be drafted and negotiated such as the transfer of asset agreements and water supply agreements.</p> <p>One huge success of this project was the delivery of safe drinking water to the Village of Tilley, approximately 25 kilometres east of Brooks. The village of Tilley, home to 400 people, was under a boil water advisory for three years and the lack of safe drinking water was acting as an obstacle to residential and commercial growth. Newell Regional Services Corporation was able to effectively lift the boil water advisory and bring this basic amenity back into the village.</p> <p>The total cost of the project, which included major upgrades to water treatment facilities as well as a network of transmission lines, is estimated at \$45 million. Under the Water for Life Program, the Province of Alberta provided a grant totalling \$37 million with the City of Brooks and County of Newell providing the balance of funds.</p> <p><a href="#">Click here</a> for more information.</p>
NEW Water Ltd.	<p><b>Rural/Urban/First Nations Partnership</b></p> <p>In light of aging infrastructure and diminishing water supplies, in 2006 Northern</p>

	<p>Sunrise County, the Village of Nampa and Woodland Cree First Nation decided to form a partnership to provide drinking water to their residents. Given that municipal- First Nations partnerships are not common, the communities formed a steering committee and hired a consultant to do research and conduct workshops on what type of partnership to create (<a href="#">a society, commission, or corporation</a>).</p> <p>The partners decided to establish a corporation which would allow collective ownership and operation of the water system and require less ministerial oversight and allow faster decision making than the other options. Establishing the corporation took a great deal of time, money and effort with steps including:</p> <ul style="list-style-type: none"> <li>• Conducting a feasibility study;</li> <li>• Forming a Governance and Technical Committees made up of administrative and elected officials;</li> <li>• Seeking approval from Indian and Northern Affairs and Municipal Affairs;</li> <li>• Ratifying a shareholder agreement, bylaws, franchise agreement and other related policies;</li> <li>• Establishing a process to handle a shareholder default or departure;</li> <li>• Commissioning the treatment plant and building regional pipelines; and</li> <li>• Setting water rates that reflect the true cost of consumption and enable more accurate utility investment planning.</li> </ul> <p>Funding for the project came from the communities, INAC and Alberta Transportation. The Corporation became operational in 2010 and is still completing regional pipelines.</p> <p>Allowing ample time for communication and trust building was key to the success of the partnership.</p> <p><a href="#">Click here</a> for more information</p>
<p>North 43 Lagoon Commission</p>	<p><b>Wastewater Services</b></p> <p>The North 43 Lagoon Commission provides wastewater services to Lac Ste. Anne County, the Summer Village of Castle Island, Summer Village of Ross Haven, and Summer Village of Yellowstone. The Commission aims to provide a safer and more reliable sewage collection and treatment system than septic systems currently used in the area, which run the risk of failing over time and damaging water supplies.</p> <p><a href="#">Click here</a> for more information on the North 43 Lagoon Commission.</p>
<p>North Red Deer Regional Wastewater Services Commission</p>	<p><b>Wastewater Services</b></p> <p>The North Red Deer Regional Wastewater Services Commission provides wastewater services to the City of Lacombe, Lacombe County, and the Town of Blackfalds.</p> <p><a href="#">Click here</a> to see the North Red Deer Regional Wastewater Services Commission</p>

	Regulation Document.
North Red Deer River Water Services Commission	<p><b>Water Services</b></p> <p>The North Red Deer River Water Services Commission provides water services to the City of Lacombe, Lacombe County, Ponoka County, the Town of Blackfalds, and the Town of Ponoka.</p> <p><a href="#">Click here</a> to see the North Red Deer River Water Services Commission Regulation Document.</p>
