

President's Summit 2021 February 17 Survey Results

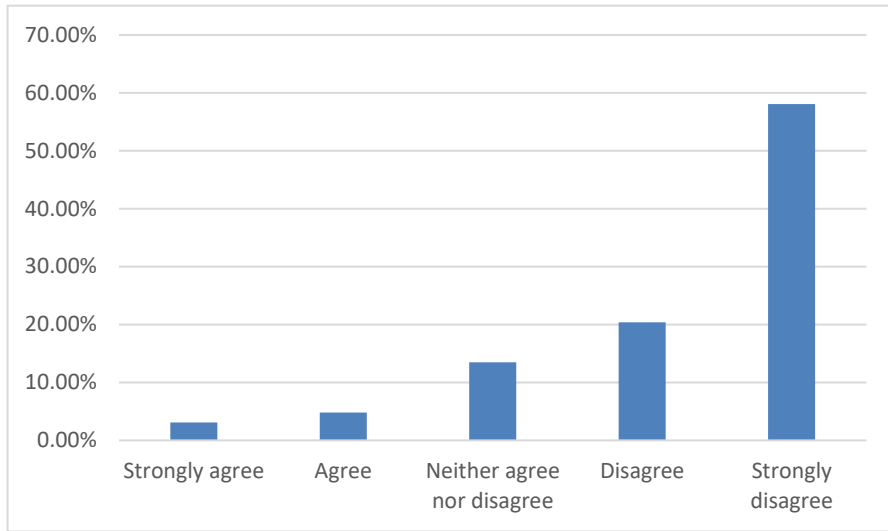

1. What is the most important consideration for your municipality with respect to policing?

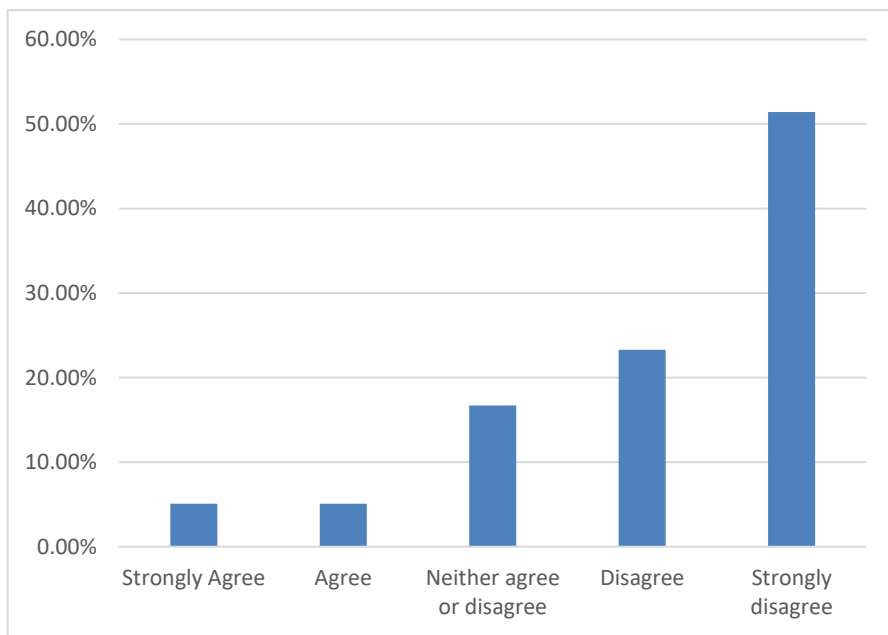

2. My municipality would be willing to pay more for policing if it means we will have better service and improved oversight.

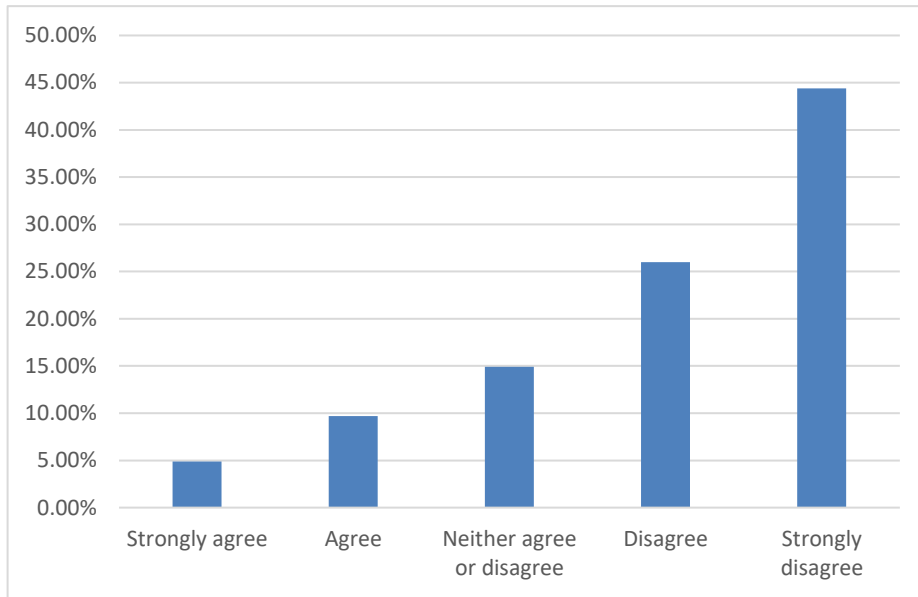

3. When considering operating costs, I believe that an independent provincial police service could better meet my community's needs than the current RCMP policing model.

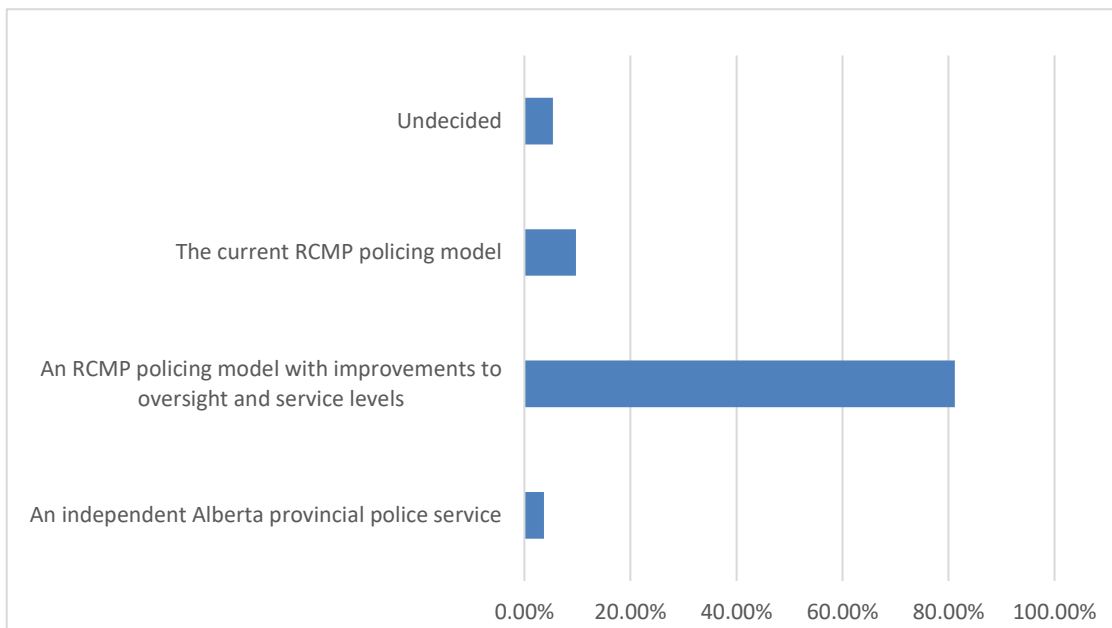

4. When considering service levels, I believe that an independent provincial police service could better meet my community's needs than the current RCMP policing model.

5. When considering oversight and ability to influence local policing priorities, I believe that an independent provincial police service could better meet my community's needs than the current RCMP policing model.

6. Based on what I have learned today, I believe the best policing model for my community would be:

7. My council has enough information to decide whether we support or oppose establishing a provincial police service:
